Artist exploration

Molly Haslund
Molly works with performance, interactive objects, and sculpture. The focus is on the physical action, on the movement of the circles, and the patterns emerging and disappearing.

The Ancient art of Kolam
Kolam is a physical form of prayer and symbol of protection, a daily exercise, and a moment of intense concentration and meditation, drawing kolam is an important household ritual that has a lot more to it than may first meet the eye.

Techniques

Use water soluble pens to draw from observation. Focus on creating texture using lines and marks.

Observation Drawing

Continuous Line

Use a handwriting pen to create drawings with one continuous line (not taking the pen off the paper). Follow the detail of simple objects with your eyes.
