

End Points

Year 2 – Improving our school environment

What I know and can explain

- I can use simple compass directions and directional language
- I know what the terms 'human' and 'physical' geography refer to
- I can label pictures referring to key human and physical features including city, village, port, town, factory, farm, house, office, harbour and shop
- I know and can investigate the human and physical features of the school grounds
- I know how bee populations are being harmed and I can investigate these environmental issues locally
- I can draw a simple map of the school grounds and identify which areas are most bee-friendly
- I can suggest how we can improve these areas and make them more bee-friendly
