

Key Instant Recall Facts

Year 1 – Spring 2

I can count forwards and backwards within 100.

By the end of this half term, children should know the following facts. The aim is for them to recall these facts **instantly**.

By the end of this half term, children should be able to start at zero and then count on to 100 and back from 100 to zero. They should also be confident counting on and back from any number, including crossing the tens numbers. If they are confident you can work on ten more and ten less.
