

Unit 9

Mass

In this unit we will ...

- ⚡ Work out different intervals on a scale
- ⚡ Measure mass in kilograms and grams
- ⚡ Add, subtract and compare masses
- ⚡ Solve problems involving mass

Do you remember what this is called?
Use it to find the mass of an object.

We will need some maths words.
Which of these have you met before?

mass measure kilograms (kg)
scale interval grams (g)

We need to use this too! Use it
to work out the missing number.
