## Important information

Christians use the Bible to explore what God is like, reading many different books in the Old **Testament** and the New Testament to understand better the nature of God.

The book of the prophet **Isaiah** in the Old Testament talks about his experience of God. He talks about how God is **holy** and powerful. For Christians, God is **omnipotent**, which means he is all powerful, for example as the Creator in the book of Genesis.

God is also described as **omnipresent**, this means that God is everywhere because he is **eternal** and is outside time because he is not limited by time as he created it. God is also described as **omniscient**, this means he knows everything that has happened, is happening and will happen because he is outside of time and can see every moment in time.

When a **believer** reads the letter **1 John** they will find God described as **loving** because he is kind and forgiving to his creation. God loves his people and he came to earth as Jesus so that he could heal the rift between himself and humanity that had been caused by The Fall.
